EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest an N-best list with respect to a difference between average word volume and average silence volume. N-best lists are known in speech recognition for providing a plurality of options based upon a most likely speech recognition result. However, the prior art of record does not disclose or suggest N-best lists for a difference between average word volume and average silence volume. Applicants' Specification, Page 9, Line 20, to Page 10, Line 10, states that N-best lists can be determined for differences Δ between average word volume and average silence volume as an additional match criterion. Thus, Applicants' invention has an advantage of eliminating errors in speech recognition by determining an N-best list for differences Δ between average word volume and average silence volume as an additional match criterion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Martin Lerner whose telephone number is (571) 272-7608. The examiner can normally be reached on 8:30 AM to 6:00 PM Monday to Thursday.
